

ANZDATA Registry

Form
BIHaemodialysis Access Related
Bloodstream Infection Form

This form is additional to the main Registry Survey Form (A3)

REGISTRY No.	CURRENT HOSPITAL	SURNAME	GIVEN NAMES	DATE OF BIRTH

For each haemodialysis access related bloodstream infection enter a separate "Bloodstream Infection Form"

In the Survey Period, indicate the number of vascular access related to bloodstream infection episodes on the main Survey Form (Form A3).

DATE OF INFECTION

HD VASCULAR ACCESS

- 1=Native Fistula
 2=Synthetic Graft
 3=Tunnel CV Catheter
 4=Non Tunnel CV Catheter

The inclusion criterion for haemodialysis access related bloodstream infection is the presence of positive blood culture/s where the cause is deemed by the treating clinician to be the vascular access.

ORGANISM

No.	Organism	Other (Specify)
1		
2		
3		
4		
5		

Additional Comments:

Code | Organism

22=Acinetobacter Sp	13=Gram Positive Organism, Other (Specify)	26=Serratia Species
33=Anaerobic Bacteria	14=Gram Positive Organism, Unknown	5=Staphylococcus Aureus, Methicillin Resistant
34=Candida Albicans	24=Klebsiella Sp	6=Staphylococcus Aureus, Non-Mrsa
35=Candida, Other (Specify)	38=Mycobacterium, Other (Specify)	7=Staphylococcus Aureus, Unknown Sensitive
28=Citrobacter Species	37=Mycobacterium, Tuberculosis	8=streptococcus Viridians Group (Sangius, Bovis, Etc)
3=Coag - Neg Staph, Other (Specify)	30=Neisseria Sp	9=Streptococcus, Other (Specify)
2=Coag - Neg Staph, Staph Epidermidis	29=Other Enterobacteria (Coliforms)	10=streptococcus, Unknown
4=Coag - Neg Staph, Unknown	27=Proteus Species	40=Other Organism (Specify)
12=Diphtheroids (Corynebacteria)	15=Pseudomonas Aeruginosa	39=No Culture Taken
23=E. Coli	17=Pseudomonas Cepacia	99=Not Reported
25=Enterobacter Species	16=Pseudomonas Maltophilia	
11=Enterococcus (Strep. Faecalis/Faecium)	18=Pseudomonas Stutzer	
36=Fungi/Yeast, Other (Specify)	20=Pseudomonas, Other (Specify)	
31=Gram Negative Organisms, Other (Specify)	21=Pseudomonas, Unknown	
32=Gram Negative Organisms, Unknown	41=Roseomonas Gilardii
